

MICROFOLD 1000 MK1 PODIUM

Folds Flat

Optional Tool Tray

Microfold 1000 MK1 Podium

The unit has been designed to provide a safer way of working at low levels and offers four platform levels of 250mm, 500mm, 750mm, 1m

Unique Features:

- Platform area of 600mm square, an ideal size for one man and tools.
- With a telescopic handrail section, the correct guardrail height is achieved at each of the four levels, to ensure user safety.
- The unit is fitted with lockable castors and has a non-slip platform board.
- Folding construction ensures a minimum of components, when not in use the board will fit on to the side of the unit for convenient storage.
- When open or closed the unit will pass through doors and corridors with ease.

Optional Extra's Include:

- Extension pack that can raise the existing platform level to 1.5m, this includes the base unit and 2 stabilizers for extra stability.
- Folding Toeboard assembly, in softwood or aluminum.
- Pod Tray Tool Tray for tool storage whilst working on the platform
- No Bumps Impact Protector

Anti – Surf Option Available This includes 2 x fixed legs which replace the castors on the unit.
